Dear Applicant:

By letter dated October 21, 2010, TNCO was informed of several deficiencies in the application that had to be resolved before the application could be granted. Furthermore, TNCO was given 30 days in which to respond the letter. On November 19, 2010, TNCO filed a timely response to the letter indicating that they has not received an FAA determination of no hazard, the environmental study has not been completed. In the October 21, 2010 letter, the Commission stated "[f]ailure to respond within this time period or to provide the written updates every 60 days will result in the dismissal of the application for failure to prosecute pursuant to 47 C.F.R. § 73.3568(a)(1). Therefore, a written update was required by January 19, 2010.

As of this date, the Commission has not received a further response since November 19, 2010. Therefore, in light of the above, application BNPED-20100226AFY IS HEREBY DISMISSED for failure to prosecute pursuant to 47 C.F.R. § 73.3568(a)(1). This action is taken pursuant to 47 C.F.R. § 0.283.
